

Teaching Faculty Positions in Applied Mathematics and Statistics at SUNY Korea

The Department of Applied Mathematics and Statistics (AMS) at SUNY Korea seeks applicants for a non-tenure-track faculty position in areas of statistics or data science starting Fall 2025. SUNY Korea is a global campus of the State University of New York, offering degree programs from Stony Brook University (SBU)'s College of Engineering and Applied Sciences (CEAS) and College of Business, as well as from the Fashion Institute of Technology (FIT). SUNY Korea is part of the Incheon Global Campus, which is shared with several leading international universities. Songdo is a new urban center near the Incheon International Airport, about a 1-hour drive from Seoul. Many international high-tech firms have already been established in Songdo. SUNY Korea provides its students with an American university experience in Korea. The student body and faculty are global and all instructions are in English.

Job Description

The faculty members will teach undergraduate and graduate-level statistics courses, and participate in department activities at SUNY Korea.

Qualifications

- Fluency in English.
- Ph.D. in statistics or data science, preferably from a U.S.-based institution.
- Demonstrated ability to teach at the undergraduate and graduate level.
- Skilled at cross-cultural communication and enthusiastic about new experiences.

To Apply

Send electronic inquiries, applications, or nominations to Dr. Jinsoo Hwang, Acting Chair, AMS Department, SUNY Korea, at jinsoo.hwang@stonybrook.edu. Those interested in applying for the position should send the following items to Professor Hwang:

- Cover letter summarizing education, research, teaching, and other experience as it relates to the faculty position;
- Curriculum vita with complete contact information;
- Teaching statement;
- Video recordings (optional) of the candidate in front of a class, in an actual teaching situation
- Copy of academic transcripts, and degree certificates from all colleges and universities attended;
- Names, titles, and contact information of at least three references.

Note that the original university transcript will be requested at appointment.

Applications will be accepted until the position is filled.
